^A This list is **NOT COMPREHENSIVE**, and the providers listed in it are **NOT ACCREDITED BY THE DHP**. The list is shared by the DHP **JUST TO PROVIDE EXAMPLES** of online CPD resources that contain CPD activities that **MIGHT BE RECOGNIZED** for credits by the DHP, **if the activities fulfil the participation and recording requirements of their respective DHP activity types**.

^B DHP categorization of CPD activities might be **DIFFERENT THAN THAT OF OTHER ACCREDITATION SYSTEMS** (e.g., AMA PRA CATEGORIES). **Online activities developed outside the State of Qatar** (like those provided by the sites included in the shared list) can be **RECOGNIZED AS DHP CATEGORY 1 ONLY IF** they were **LIVE, SYNCHRONOUS, GROUP-LEARNING** activities that were **ACCREDITED BY A LIST B DHP-RECOGNIZED INTERNATIONAL ACCREDITATION BODY** that **HAS AN ACCREDITATION JURSDICTION** at the country where the activity is developed. It must be noted, therefore, that some of the activities listed on the sites included here might be promoted as a Category 1 activity, as per the accrediting system's categorization. However, such activities **SHALL NOT BE RECOGNIZED AS A DHP CATEGORY 1 CPD ACTIVITY**, because it does not fulfill the above-mentioned criteria (e.g., enduring materials, journal articles and on-demand modules accredited by the AMA as an AMA PRA Category 1 activities can only be recognized as DHP Category 2 CPD and **NOT DHP CATEGORY 1**).
